

# Skills Map

This exercise is designed to help you:

- Reflect on your current skills and strengths
- Increase your awareness of different career routes
- Plan your next steps to develop the skills required

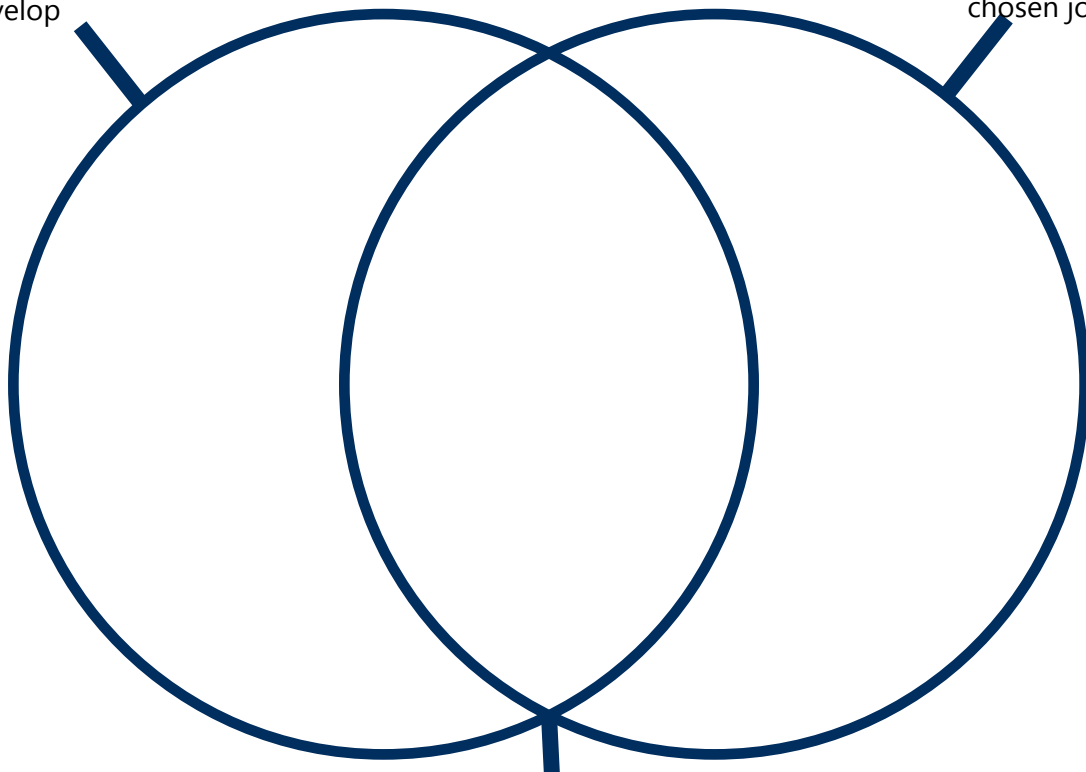

**Step One: Complete the Skills Assessment and Job Match activity**

**Step Two: Reflect on your results**

1. From the Skills Assessment what skills do you want to develop?  
Select at least 3.
2. From the Job Match activity, identify some key job roles that are of interest to you. Which skills would you need to develop for these roles?
3. Add these results into the diagram below.

### Step Three: Reflect on your Job Match results

Please write below your reflection on the Job Match activity

There are no right or wrong answers for this section. There is no maximum word count, but most people write about 250 words. You may want to consider the following in your reflection:

- Job roles of interest to you
- Job roles that surprised you
- Job roles you had never heard of before
- Job roles of interest that you had never previously considered

### Step Four: Skills Action Plan

Fill in the table on the next page with the skills you want to develop and how you plan to do this. Below is an example. If you need further support on activities you could complete, [click here](#).

Skill	Activity
Teamwork	In my part time job - supporting team members by helping new staff settle into their roles, checking to see if additional support is needed, being flexible with the allocation of shifts
Commercial	Research employers and industries on LinkedIN, read news and business articles on BBC News.
